

Nanomanufacturing

Advances in Nanoparticle Production

An event of

Giornate Tecnologiche

13th of December 2019

Hotel Mercure san Biagio

via Romairone 14, 16163 Genova (Italy)

Organization:

Nicola Tirelli (IIT)

Mariarosa Mazza (AstraZeneca)

Roberto Donno (IIT)

Preliminary programme

Morning

Microfluidics/flow processes

Dr. Roberto Donno (IIT Genova, I)

Dr. Enza Torino (U Napoli/IIT, I)

Prof. Nicola Tirelli (IIT Genova, I)

Exhibitor pitches

Afternoon

Supercritical CO₂

Prof. Steve Howdle (U Nottingham, UK)

Prof. Ernesto Reverchon (U Salerno, I)

Advanced analytics

Dr. Luigi Calzolai (Joint Research Centre EU Comm., I)

Dr. Marti Duocastella (U Barcelona, E)

Dr. Serena Agostini (Malvern Panalytical, UK)

Pharmaceutical industry perspective

Dr. Nikolaos Daskalakis (Centre for Process Innovation, UK)

Dr. Mariarosa Mazza (AstraZeneca Cambridge, UK)

Registration on Eventbrite. Search for 'nanomanufacturing'
